Parking Fees

Question(s):

Can you please review the parking charges on all three campuses to make sure they are fair and equitable for all?

Rationale:

Now that we are officially one university, we should all be governed by the same policies and procedures. At this point, faculty, staff, and students pay different rates for parking based on their campus location. This is confusing, and appears inequitable. When and how will this policy be reviewed?

Yes, the parking rates for Faculty and Staff are being reviewed and a recommendation will be made to the President's Cabinet for implementation in fall 2019. Student rates were set during the consolidation process and the guiding principle at that time was to not increase student's cost of attendance and to normalize fee rates with service.
